## **DETAILED ACTION**

### ***Election/Restrictions***

1. Applicant's election of product claims 1-13 was made "with traverse" in an interview on August 8, 2002, leaving claims 14-22 withdrawn from consideration without comment since the interview. Claims 2, 7, 8 and 9 have since been cancelled.

Because applicant did not distinctly and specifically point out any error in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

### **EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

✓  
Cancel claims 14-22 (drawn to a non-elected "method", treated as w/o traverse)

### ***Allowable Subject Matter***

3. Claims 1, 3-6, and 10-13 (renumbered as claims 1-9) are allowed.
4. The following is an examiner's statement of reasons for allowance:

Regarding claims 1 and 2-3, the prior art of record does not disclose applicant's claimed product (interposer) particularly characterized by a layer of elastic dielectric material having an array of copper plated vias filled with solder, wherein the vias are similarly *sloped* (i.e. *angled* such as in Fig. 3), and the layer has a uniform array of holes arranged so as to further facilitate uniform compliance (such as exemplified by Fig. 2).

Regarding claims 5-6 and 10-13, the prior art of record does not disclose applicant's claimed product (electronic package) particularly characterized by a flexible layer of dielectric material having an array of metal plated vias, each via being formed by two segments sloped to meet internal to surfaces of the flexible layer of dielectric to form a V-shaped metal plated via (as exemplified by Fig. 4) with a uniform array of holes (such as in Fig. 2).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
